Confidential No. 45 /35 dated 15th October 1935.

Sir,

IRRIGATION- (Bellary)- Basavanna Extension channel- Ryot's consent for the inclusion of lands in the ayacut- Report.

Ref. para 4 of Board's No. 2880/34-3 dated 10-8-35

Under Rule 11 (a) (1) of the rules for the levy of water cess issued in G.O.No. 2592 Revenue Dated 13-12-34, the rate of water cess payable for a first crop is Rs. 10/- per acre. Under rule III of the same rules, the rate of water cess payable during the first four years is 1/4, 1/4, 1/2 and 3/4 of that rate respectively. The Revenue Divisional Officer, Hospet reports that the ryots request that the maximum rate of water cess may be fixed at Rs. 7/- instead of Rs. 10/- that Rs. 2/8/- per acre may be charged for the 1st two years and Rs. 5/- per acre during the next two years and Rs. 7/- from the fifth year onwards.

2. In their order No. 1452 Revenue dated 25-7-34, the Government have asked the Board to report 6 months before the beginning of the fasli in which the maximum rate of Rs. 10/- is due whether in view of the trend in prices and the development of irrigation the maximum rate should be introduced. The Chief Engineer for Irrigation Madras reported

in his letter No. 917/32

(Vide Board's Endorsement dated 6-4-35 that the works relating to the Basavannah Channel extension scheme would be completed by July 1936. The rules for the levy of water Cess issued in G.O.No. 2592 Revenue Dated 13-1 will take effect only from the fasli in which water is allowed for irrigation from the channel. If water is allowed from 1st July 1936 (Fasli 1346), the maximum rate of Rs. 10/- becomes collectable in Fasli 1350(1940-41). As the maximum rate of Rs. 10/- cannot be introduced without a further recommendation from the Board and as demand for water will be known only after progress is watched from time to time, it is premature to consider at present whether any reduction in the maximum rate of water cess as desired by the ryots is necessary.

3 (A) The verification of ayacut Register is pending with the Tahsildar of Hospet and I shall submit a separate report in the matter.

Please see the Collrs' letter at pp 1-2 ante.

2. In their Memo no 2606 B-31-5 dated 26-4-32, the Govt fixed the rate of water to be levied for the irrigation of lands under the Baswamah Channel and at Rs 11/- per acre and in their Memo at p 69 ante (S), the Govt asked the Board to ascertain and report whether the agts consent for the inclusion of their lands in the ayacut of the Baswamah Extension Channel is subject to the payment of the above rate of water rate, had been obtained subsequently however, the

reduced the rate to Rs 10/- and also for sanctioned concessional rates for the first few years of irrigation from the Channel In their letter no. C.47/33 dated 18.5.35 the Collr reported that most of the ryots who were enquired into and whose statements had been obtained, were not willing to take water paying Rs 11/- per acre and that they would prefer to do so if only Rate of Rs 6 was charged. The Collr was again asked to enquire the ryots pointing out to the reduction made in the rate of water viz Rs 10/- and also to the concessions granted vide G.O. No. 2579 Rev. dt 13-12-34 and to report whether they would agree to have their lands included in the ayacut subject to the rates prescribed therein. The

The Collr's present report indicates that the ryots are not prepared to take waters at these rates and have their lands included in the ayacut. But it will

Therefore that the rates of water tax which the syots have agreed to pay for the first four years are almost the same as those payable under the Bombay Act of 1879 as shown in the margin. But the syots have agreed to the annual rate of Rs 10/- from the fifth year onward should be Rs 7/- instead of Rs 10/- as provided for in the rules. The syots have accordingly agreed to pay the maximum rate of Rs 10/- when it becomes due, if the Tank and the irrigation system developed and there has been a demand for water. The question whether any reduction in the maximum rate is necessary, can be considered and decided before the end of
